Baton Rouge Spay/Neuter uses qualified staffing and approved materials for all procedures performed. It is important for you to understand that the risk of injury or death, although extremely low, is always present just as it is for humans who undergo surgery. Carefully read and understand the following before signing your name.

I, acting as owner or agent of the pet named above, hereby request and authorize Baton Rouge Spay/Neuter, through whomever veterinarians they may designate, to perform an operation for sexual sterilization of the animal named above.

I understand that the operation presents some hazards and that injury to or death of such an animal may conceivably result, for there is some risk in the procedure and the use of anesthetics and drugs in providing this service.

I waive my right to protect my animal by having it vaccinated prior to surgery (it can take up to 2 weeks for vaccines to protect my animal). I understand the inherent risks of failing to maintain current vaccinations and waive all claims arising out of or connected with the performance of this operation due to such failure.

I certify that my animal is in good health and has had no food since 10:00 pm the evening prior to surgery.

I understand that Baton Rouge Spay/Neuter has the right to refuse service to any animal for whom surgery is deemed a health risk.

I understand that Baton Rouge Spay/Neuter will only perform a brief physical examination and I waive my right to have these a complete physical exam performed prior to surgery at a full service veterinary clinic.

I understand that some factors significantly increase surgical risk, including but not limited to, pregnancy, being in heat, and diseases such as Feline Immunodeficiency Virus, Feline Leukemia, Heartworm disease and heart disease.

I understand that if my animal is pregnant then the pregnancy will be terminated during surgery.

I understand that if my animal has an open umbilical hernia it will be repaired at the time of surgery for additional fee of \$15.

If my male animal has an undescended testicle there will be an additional charge of \$25.

A boarding fee of \$15 will be charged for any pet dropped off early or not picked up on time

If my animal has fleas, they will be treated with Capstar \$4 _____ or Advantage \$12-\$17 _____

I authorize Baton Rouge Spay/Neuter to pull any retained baby teeth at an extra charge of \$5 per tooth.

I hereby release Baton Rouge Spay/Neuter and all veterinarians, assistants, volunteers, directors, and employees from any and all claims arising out of or connected with the performance of this procedure. I agree that I have not and will not claim any right of compensation from them, or any of them, or file action by reason of such sterilization or attempted sterilization of such animal or any consequences related thereto. Owner/agent hereby agrees to indemnify and hold Baton Rouge Spay/Neuter harmless for any damages caused during the transportation of the animal, or for damages caused by any unforeseeable events including fire, vandalism, burglary, extreme weather, natural disasters or acts of God.
